Air Conditioning Unit

2026 TLD COOL-10-H

TLD COOL-10-H

Stock No:	17121	Engine:	Cummins QSF3.8 T4F
Serial No:	T120467	Year:	2026
Make:	TLD	Localization:	Miami, FL
Model:	COOL-10-H	Status:	In Transit
Capacity:	24 RT	Actual Condition:	New

Product Details

The COOL-10 is a mobile diesel-electric air conditioning unit designed to provide efficient cooling or heating for aircraft during pre-flight operations, boarding, and maintenance. With sufficient capacity for narrow-body aircraft, it performs reliably across continental, tropical, and desert climates. Its compact, efficient design and high-quality components ensure simple operation and minimal maintenance.
